- ✓ **Biodegradable**
- ✓ **Non-Toxic**

# Glass Encounter

Simply spray and wipe to clean, brighten, and deposit an anti-fog, anti-dirt, anti-bacterial film on everything from countertops to windows. This all-purpose product has the power to clean everything from greasy countertops to filthy shower stalls and will leave glass, ceramic tile, and chrome fixtures streak-free and sparkling. The very act of cleaning deposits an acrylic film containing known disinfectant materials. This film stops the growth of bacteria and fungi, acts as an anti-fog on glass, and enhances the gloss of tile, glass, and metallic surfaces.

No rinsing is necessary. Just spray and wipe clean. Difficult areas may benefit from a second application. Avoid contact with eyes. In case of contact, flush with water. If irritation persists, contact a doctor.

Keep this and all similar materials out of the reach of children.

**For spill, leak, or Medical Emergency call Infotrac 800-535-5053**
